

ARE THEY TOLD TO FORGET EVERYTHING THEY LEARNED, AN  
NOW WE WILL SHOW HOW ITS SUPOSED TO BE DONE

## Is This The Ultimate Panama City, Florida, Idiot Clownz Arrest Trophy?

1 what kind of programming  
is done to a person who has 2  
good working legs to where  
they would further pile more  
mi\$ery on a permanently  
wheel chair bound  
unfortunate? 2 what exactly  
does good moral character  
mean, as a social qualification,  
to become a panama city  
Florida cop, 3 does that mean  
don't question orders no mater  
how, ridiculous, questionable  
disgusting to the average  
person, do they learn it at the  
cop training academy, or  
4 just where do they advertise

to get someone who would have no mercy on someone who can never walk  
again, to take away their freedom, put them in a horrible place where you don't  
know if the next hour you might not make it 5 on top of that would not let the  
accused have the right not privilege to preserve their freshest side written in their  
own hand writing, favorable evidence, witnesses, 6 on top of that if the accused  
insist on maintaining their innocence they could rot in jail for months, 7 on top of  
that they isn't interested in the truth just a cop out plea 8 an if you got a real  
strong case you never go to a so-called guaranteed jury trial 9 to ad further insult  
to injury if a cop is accused or arrested they have the Florida policeman's bill of  
rights, that requires all interrogations, questioning shall all be recorded, their side  
shall be preserved, an that just a start for their rights the average us American  
never gets 10 its one thing to have 2 good working legs, but just what kind of  
everyday hardships did my wheelchair friend have to go through, like a never  
ending horror movie you cant ever turn off, constant pain, pain when the weather  
changes, not getting to the bathroom quick enough, an if you do not being the  
right size, door to narrow, height not right, no ramp to even be able to get to the  
bathroom, being asked busy body questions, where they just want to pass the time

but wont help in your struggles, an god help you if you hit a pot hole an you fall on your side, you cant run to avoid a uneasy situation, an I have 2 good working legs 11 just how much of a low life has to destroy their conscience to not have compassion for someone who will be at a severe disadvantage for the rest of their life, 12 an would not have extra understanding an compassion an realize they would likely be more "cranky" complaining than the average person with 2 legs, 13 why was this person forced to be outside in the rain an cold when there was a mi\$\$ion in town, was he going to grow his legs back, was he asking embarrassing questions, standing up for a god given right, an how many people have been jailed by the mi\$\$ion where the cop hate crime victim\$ were not given equal voice to preserve their side, which would have had the one who called the cop\$ thrown in jail for calling in a false call, which is never done when a bu\$ine\$\$ does the calling 14 is there a desired profile trait, attitude, to decide if they are worth further programming? 15 is this not the same way ss German guards were trained, programmed, brainwashed, to just obey orders, an don't question anything, when they slaughtered begging, screaming, crying, naked defenseless holocaust victim? 16 will they follow orders no mater how repulsive disgusting to get rank? roiling" 5 has the potential of making you very unpopular with the well connected 6 going to cop \$hop to find out how many homeless, poor questionably jailed 7 sticking around to witness questionable cop shake down cause they can get away with it 7 going to govt meetings to bring up an stop questionable bad treatment of the least in our society, 8 actively doing action to stop media glamorizing violence, stealing, murder 9 sleep in the woods to experience being jailed stay till you get a so-called jury trial for months if possible 10 ask the least things they are harassed about, or jailed for an challenging it 11 when it comes to your attention by either news papers, TV, word of mouth things aren't right not waiting for a group, or when things are safe to act on stopping it
